

POWERMARK

AIRCRAFT WARNING MARKER

Part Number 1500

Highly Visable Red Aircraft Warning Marker

- Can be Installed from the ground with a bayonette style hotstick
- Does not require a MEWP (bucket truck)
- Long Lasting Red Polyethylene marker
- Durable, corrosion free Stainless Steel components
- Complies with the requirements of the Australian Standard 3891.2-2008 pt2
- The installed cost of the marker is a fraction of the cost of a conventional aircraft warning marker
- The brilliantly reflective patches make the marker highly visible from above or below
